RON AND CASTINGS—8 tons Napier's Hammered Iron; 20 tons Rolled do; 15 tons assorted Castings for sale on assorted by low, to close, by THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE, DREPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Phy-I ANGHORNE & ARMISTEAD'S SUPE-for the sale of the above justly celebrated Tobacco in Nashlogical Chemist, by J. S. Houghton, M. D., Philadelphia,

This is a truly wonderful remedy for Indigestion, Dyspep-sia, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, Half a tea-spoorful of Pepsin, infused in water, will digest or dissolve five pounds of roast beef in about two hours, out

of the stomach. Pepsin is the chief element or digesting principle of the Gastric Junce—the solvent of the food, the purifying preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation ration, the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy stomach. It is doing wonders for dyspeptics, during cases of Debility, Emaciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evilence upon which it is based is in the highest degree curious

and remarkable.

Scientific Evidence.—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastrie Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened. changed and digested, just in the same manner as they would be in the numan stomach. Dr. Preira, in his famous treatise on "Food and Diet,"

published by Fowler & Wells, New York, page 25, states the same greatfact, and describes the method of preparation. There are few higher authorities than Dr. Priera. Dr. Combe, in his valuable writings on the "Paysiology of Digestion," observes that "a diminution of the due quantity of the Gastrie Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely affileted with this complaint, finding every fluing else to fail, had recourse to the Gastrie Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of elfeeting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanelard, Philadelphia, 1846, pp. 321-2.) says: "The discovery of Pepsin forms a new era in the chemical history of ligestion. From recent experiments we know that food is hissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Castric Juice itself. Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experi-ments with Dr. Beaumont, on the Gastrie Juice obtained rom the living lauran stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as perfeetly in the artificial as in the natural digestion." Dr. John W. Desper, Professor of Chemistry in the College of the University of New York, in his "Text Book of Chemistry," page 356, says: "It has been a question whether

sally admitted that it may be." Dr. Curpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the siomach of the calf or ox, and used for experiments in artificial digestion, or as a remedy for diseases of the stomach, and deficient secretion of the Gustric Juice. All modern works on Chemistry, Materia Medica and Phy-

The only wonder is, that has not before been applied to the cure of Indigestion and Dyspepsia-so naturally does such a use suggest itself to the

As a Dyspepsia Curer, Dr. Houghton's Pepsin has produced the most marvellous effects, in cases of Debility, Brunciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and won-

It is a great nervous antidote, and particularly useful for tendency to Billions Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ordent spirits. It almost reconciles health with intemperance.

Old Stemach Complaints .- There is no form of Old Stormeh Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Pit of the Stomaca, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirits, Despendency, Emaciation, Weakness, Tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsin is sold by nearly all the

dealers in time drugs and popular medicines throughout the United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians, Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular practice. Price UNE DOLLAR per Bottle.

MEDICAL.

AFFLICTED READ! DHILADELPHIA MEDICAL HOUSE.—Established 15 years ago by DR. KINKELIN. The oldest, surest and best hand to cure all forms of secret diseases of the skin, and solitary habits of youth, is DR. KINKELIN, N. W. corner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia. Take Particular Notice. There is a habit which boys teach each other at the academy or college—a habit in-dulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious and devastating affections. Few of those who indulge in this permicious practice are aware of the consequences, until they find the nervous system is shattered, feel strange and unaccountable feelings, vague fears in the mind. The individ-ual becomes feeble, he is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is dull and irresolute, the countenance is downcast, the eyes without natural lustre, shamefacedness is apparent

these similarly afflicted.

If the victim be conscious of the cause of his decay, and having relinquished the odious practice, he suffers under those terrible nocturnal emissions, which weaken and shame him, producing prental and physical prostration. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is infruitful, and his senses tell him that this is caused by his early follies. Too many think they will hug the secret to their own hearts, and cure themselves. Alast how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth! Young Men!-Let no false modesty deter you from

These are symptoms which should awhker the attention of

making your case known to one who, from education and re-spectibility, can alone befriend you. He who places himself under DR. KINKELIN'S treatment, may religiously confide his honor as a gentleman, and in whose bosom will be oraver locked the secret of the patient.

Country Invalids.—Finding it inconvenient to make personal application, can, by stating their case explicitly, together with all their symptoms, (per letter post paid,) have forwarded to them a class containing Dr. K.'s medicines,

appropriated accordingly, and be cured at home. Strictures of the urctira, weakness and constitutional de-bility, promptly cured, and full vigor restored. All letters

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had

These Bitters are worthy the attention of invalids, possessing great virtues in the rectification of discuses of the liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant. From the "Boston Bee."

The editor said, Dec. 22d: DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thouods, and a friend at our elbow sava he has himself received an effectual and permanent cure of liver complaint from the use of this remedy. We are convinced that, in the ise of these bitters, the patient constantly gains strength nd vigor—a fact worthy of great consideration. They are leasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.
"Scott's Weekly," one of the best literary papers pub

ished, said, Aug. 29th.
"Dr. Hoofland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of Fennile weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution know from experience the salutary effect they have on weak

More Evidence. The Hon. C. D. Hineline, Mayor of the city of Camden, N. J., says: "Hoofland's General Berteus.-We have seen many flat tering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say that we found it specific in its action upon diseases of the liver and digestive organs, and the influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from this stynich, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy y edition, and you can bid defiance to epidemics generally. This extra-ordinary medicine we would advise our friends who are at all indisposed, to give a trial: it will recommend itself. It should, in fact, be in every family. No other medicine can

Evidence upon evidence has been received (like the fore going,) from all sections of the Union, the last three years, and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of Phila delphia, than all other nostrums combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presedent even in this form. That this medicine will cure liver complaint and dyspep

sia, no one can doubt after using it as directed. It sets eifically upon the stomach and liver; it is preferable to calo tael in all billious discusses; the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

DR. ARNOLD'S UNION PILLS.

DR. ARNOLD-DEAR SIE-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispepsia, and constipation of the bowels; at times alarming me greatly, I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by tak-ing the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever-at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a supply of your Pills on band, and I think that no one, laboring as I have under great debility and dyspepsia, with all thei evil consequences, but what would, after a use of your med-W W MASTERSON-
